SENIOR

SUELA R series

SUELA R series: It is designed for fixing any type of system, intended for solving the suspension of ceilings under metallic beams, wooden, concrete, etc.

COMPOSITION

Steel plate with oval form, made with rolled steel type DC03 with deep drawing according to steel standard EN 10131. The drawing is a technological process formed plastic, consisting in obtaining hollow vessel shaped parts from metal sheets. This process allows to obtain parts in many different shapes and is a technique widely used in all fields of industry.

This oval-shaped design, with drawing process, it allows to increase the mechanical resistance of the piece, as it has two holes located in the non-recessed area, ensuring that the tenseness applied does not damage the central thread or does not deform the piece.

FIELD OF APPLICATION

SUELA R series

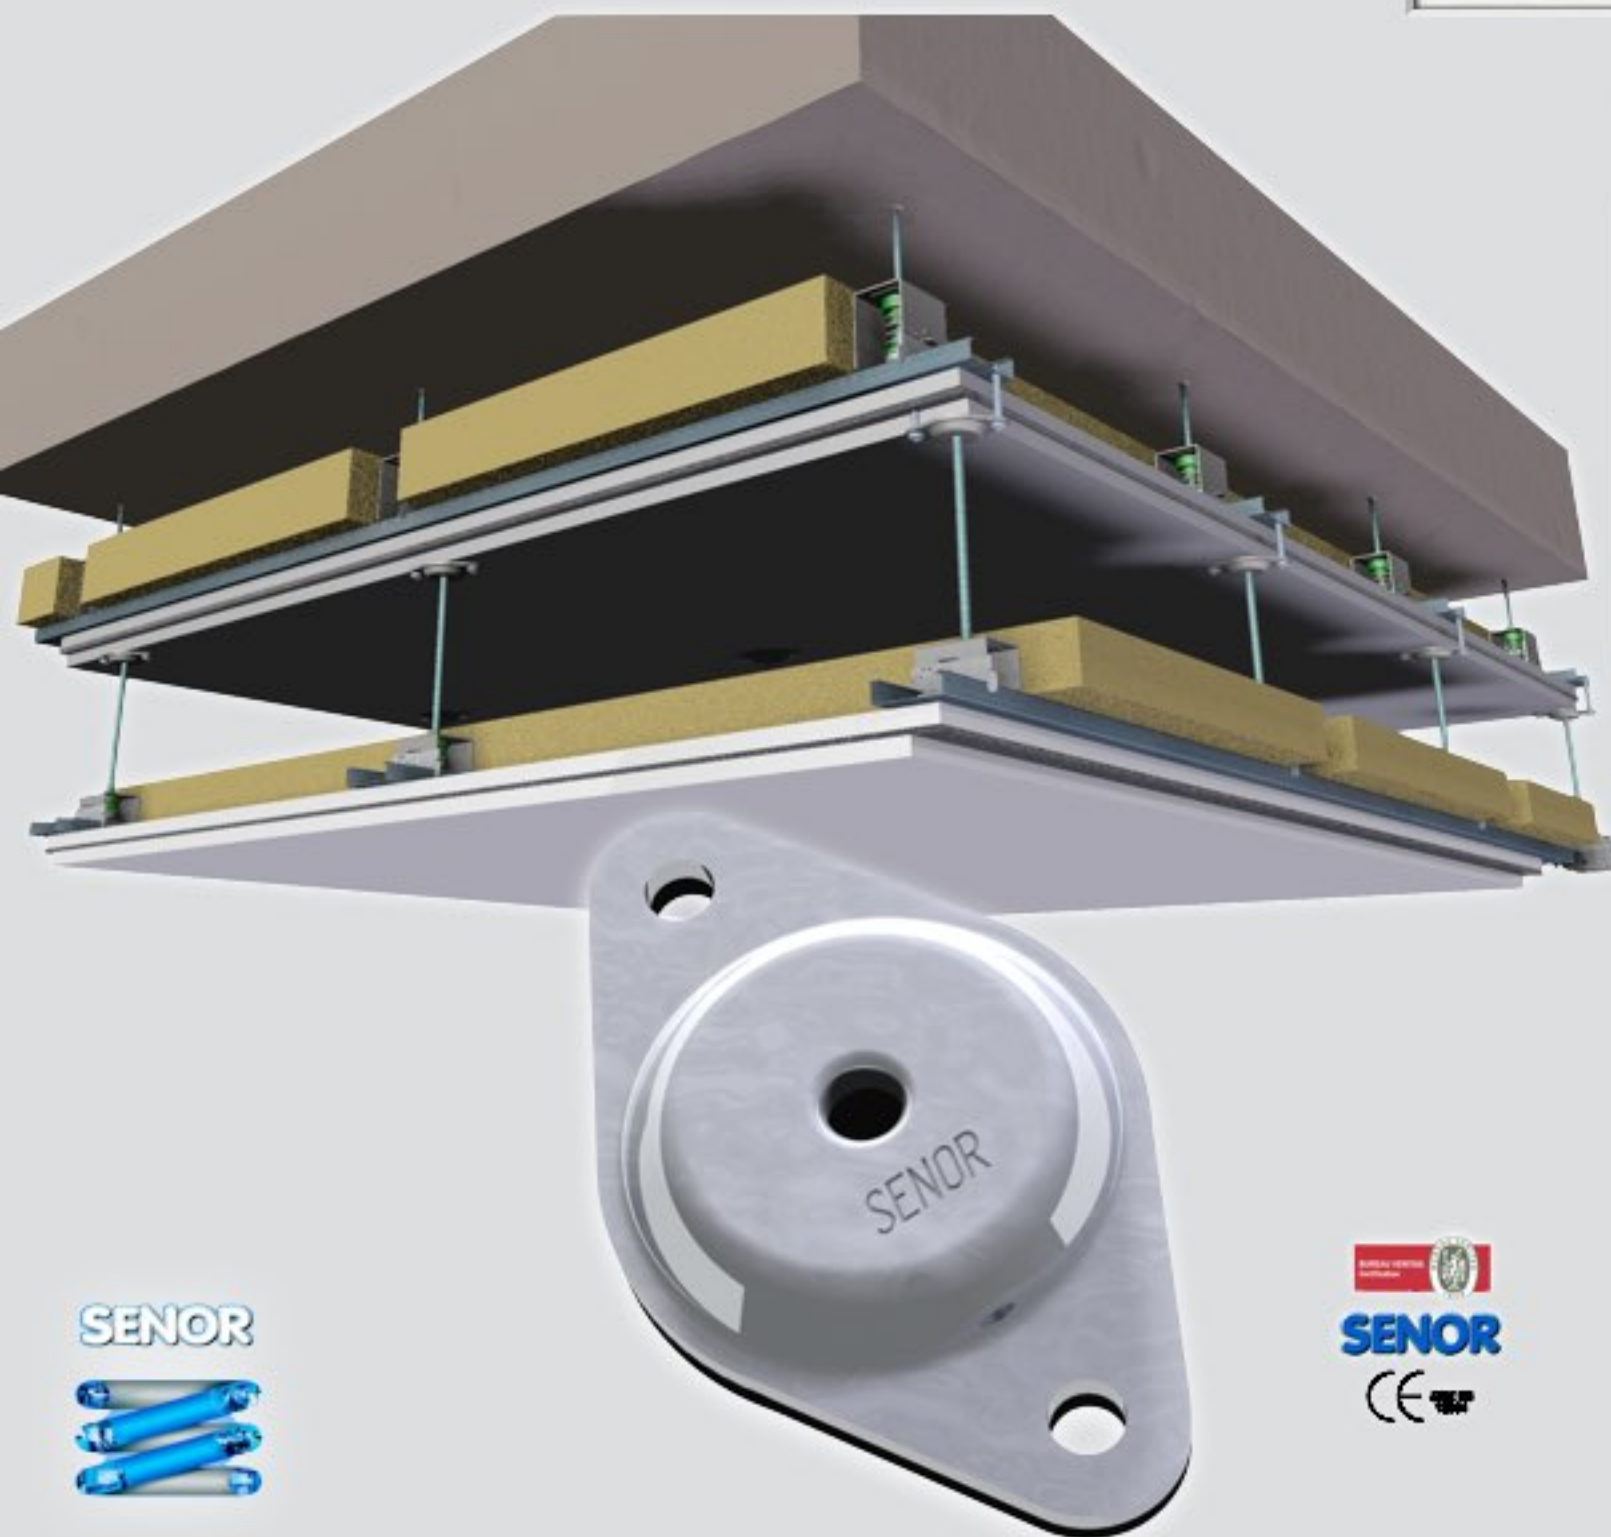

FIELD OF APPLICATION

The SUELA R6; it can be used in many fields, for fastening in wooden and metallic beams, or under a false ceiling made of laminated plasterboard.

SEE EXAMPLE:

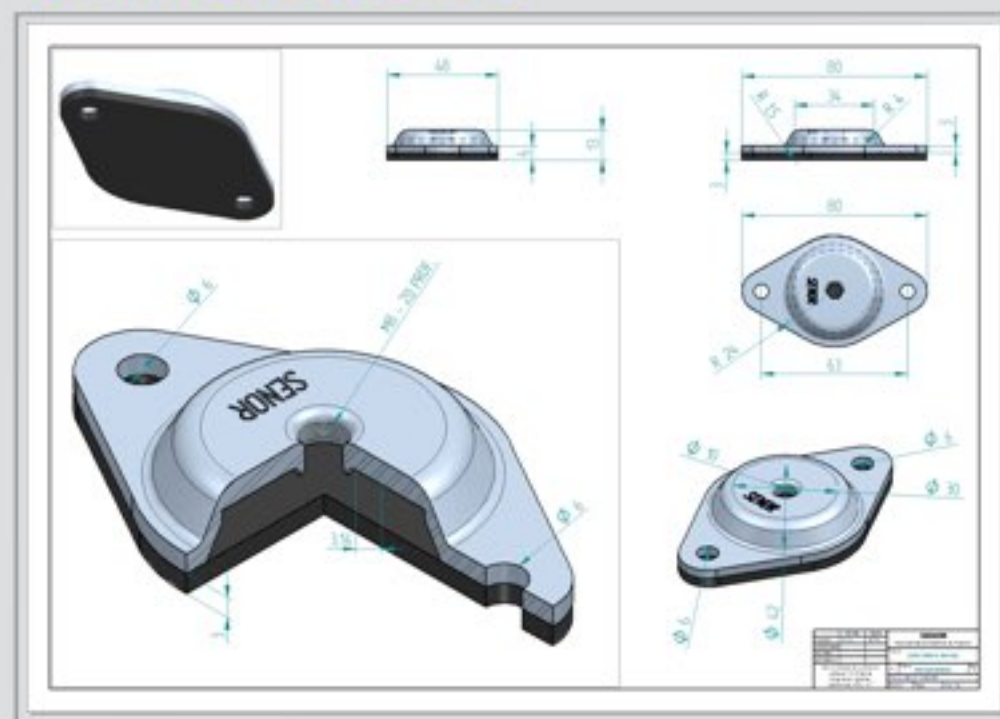

After placing the first sandwich (PYL-15mm + MAD4 + PYL-15), Under these ones, we mark the longitudinal direction of the shape of the TC-60. This will allow us to fasten the SUELA R-6 in a more safe way, using PM-55 screws, crossing the plasterboard and screwing in the shape MAESTRA 60/27, without weakening the treatment.

ENSAYO: CARGA MECÁNICA

Denominación / Marcas:
Máquina de ensayos RIEHLE

Código:
ME 035003

Trazabilidad / Fecha de calibración:
LABEIN / 28 Junio 2004

Resultados obtenidos:
Muestra SUELA M6. Carga de rotura 515 Kg. Modo de fallo: los hilos de la varillase rompen y la rosca de la suela se deteriora. La suela queda ligeramente deformada.
Muestra SUELA M8. Carga de rotura 730 Kg. Modo de fallo: tanto varilla como suela se rompen.

SEÑOR

Storage and preservation.

Almacenar sobre superficies limpias y planas. Nunca al intemperie, manteniéndolos a cubierto y resguardados del sol y de la lluvia.

Forma de Montaje.

Consultar manual de instalación SENOR.

AVISO.

"SEÑOR": se reserva el derecho de cambiar las especificaciones técnicas del producto sin previo aviso. Es responsabilidad del usuario conocer y utilizar la versión última y actualizada de las hojas de datos de los productos. Copia de las cuales se mandarán a quién las solicite. Esta información y, en particular, las recomendaciones relativas a la aplicación y uso final del producto, están dadas de buena fe, basadas en el conocimiento actual y la experiencia de "SEÑOR" de sus productos, cuando son correctamente instalados en circunstancias normales, y dentro de su vida útil.

Storage and conservation.

To be stored in clean and flat surfaces. Do not store outdoors. Keep them covered and protected from sun and rain.

Assembly Details.

To consult manual of installation SENOR.

Note.

* SEÑOR ": reserves itself the right to change the technical specifications of the product without prior notice. It is responsibility of the user to know and to use the latest and updated version of the sheets of information of the products. A copy will be sent to who may request it. This information and, in particular, recommendations relative to the application and final usage of product, are given in good faith, based on the current knowledge and the experience of " SEÑOR " of its products, when they are installed correctly in normal circumstances, and into its useful life.
